The Nature of Wildworks

is a celebration of all the remarkable, diverse creatures with whom we are privileged to share this life on earth.

Caring for the individual wild animals at our center and sharing them with you, allows all of us to realize and appreciate that every creature roaming freely in the wild has its own distinct personality and is deserving of its own fair chance at life.

Our Story

The Nature of Wildworks was founded by Mollie Hogan to provide lifetime care for non-releasable wild animals and to engender public respect and concern for nature through interactive wildlife educational presentations. Since its inception in 1995, Wildworks has been a premier provider of programs that enhance the public's understanding of our local natural environment.

The animals at our Wildlife Center are cared for by staff and volunteers who understand the deep bond between people and nature. The animal population at Wildworks presently includes such diverse species as

the mountain lion, wolf, bobcat, serval, fox, kinkajou, owl, hawk, opossum, coyote and squirrel. Most of the species represented are native to California and were either acquired from zoos, confiscated as illegally owned "pets" or rescued as orphaned or injured wildlife.

The Nature of Wildworks strives to build public respect and concern for native wildlife and the California environment through student programs that meet California schools' curriculum mandates. A variety of successful educational programs have been developed and are presented in schools and public settings throughout Los Angeles and Ventura Counties.

Selected trained wild animals are brought into the classroom or group setting for presentations designed to teach children about local or exotic wildlife and their habitats and current environmental issues. These programs allow children to experience animals firsthand and to gain through these close encounters a greater appreciation of the world around them.

Outreach Programs

City Wildlife

This program focuses on the lifestyles and habits of our local critters and the contributions, both pro and con, that wild animals make to the environment.

Their existence in the wild is compared to the life they live in the city, discovering ways to share our neighborhoods.

I Will Survive

Discover how wild and exotic animals survive in their environment, protect themselves against predators and "go shopping" for food using their unique, adaptive physical and behavioral traits.

Birthday and Private Functions

Make your next function really "Wild"! Select animals are brought to your home for special events. Trained handlers interact with your guests, answering questions about the animals and providing information about habitats and the environment.

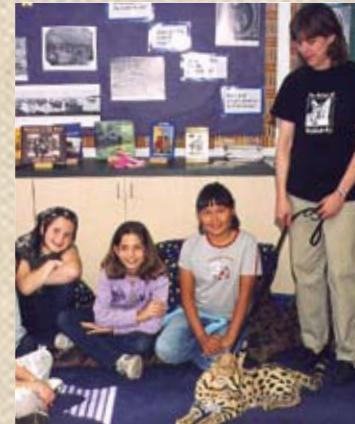

Stop, Look, Listen

This one is for the younger crowd, preschool through second grade. Meet our smaller critters and expect a lot of surprises.

Wildlife in the Classroom

Make nature a part of your ongoing educational process.

By enabling close encounters of the most positive kind, Wildworks Educational Outreach Programs prove there is no substitute for "seeing the real thing" for instilling a desire to learn more and protect the environment.

Community Projects

In order for children to take a more active role in preserving our wildlife and their native habitats, we invite you to consider The

Nature of Wildworks as your class or school's community project. The opportunity to help the animals they have personally come to know through our presentations gives children a true sense of accomplishment and well-being.

All donations are, of course, tax deductible. Please ask for more information if you are interested in making wildlife preservation a part of your school's ongoing educational process.

For more information regarding our Wildlife Presentations, please call 310-455-0550 or visit us on the Web at www.natureofwildworks.org

We feature lobster dishes nightly, plus Spanish tapas, fresh sushi, Premium Golden Angus steaks, gourmet French, authentic Italian and a buffet-style dining extravaganza that offers made-to-order crêpes, omelettes, pasta and lots more.

"Best Entertainment"

Nothing says Freestyle Cruising like a four-lane bowling alley that transforms into a nightclub after hours or a game of Wii™ on a two-story screen. Your clients will laugh out loud at The Second City® comedy troupe, swing to live jazz, and let loose during our wild White Hot Party. The fun is non-stop day and night.

"Best Suites"

"Top 10 Best Cruise Ship Spas"

There are dozens of reasons our ships have been honored with awards for our on-board spas; like our hot-stone massages, Aromapure facials, acupuncture, teeth whitening and BOTOX® treatments. But it's the wraparound views from our elegant relaxation rooms that really set our spas ahead of the rest.

"Top 10 Large-Ship Cruise Lines"

We're not only one of the top large-ship cruise lines but we also have the youngest fleet on the planet. Which means that along with a full-action casino, relaxing spa and state-of-the-art fitness center, your clients also get all the latest and greatest amenities at sea.

Plus, we've got family "cul-de-sacs," Penthouses, Deluxe Owner's Suites and much more.

• **Family accommodations** are clustered together near the kid's play area and just a few skips away from a family-style restaurant.

Like our thrilling multi-slide Aqua Park that features the Epic Plunge – the only tube slide and biggest bowl slide at sea. A U.S.-rated climbing wall and the only rappelling wall at sea. There's a two-level sports complex with a full-size basketball and volleyball court. Pulse Fitness Center has a boxercise ring and a first-at-sea squash court. And Epic Spa offers massages, facials, medi-spa treatments and way more.

ENTERTAINMENT

We've changed the face of cruising entertainment. Literally. For the first time ever, Blue Man Group will be performing at sea aboard the only ship cool enough to accommodate them. This raucous, brilliant and hilarious experience combines mystifying music, mayhem and multimedia theatrics. Add to that the world-famous Second City® comedy troupe, a sing-along rock 'n roll dueling piano show, Cirque Dreams acrobatics, top Broadway-style shows and you've got Vegas, Ibiza and the Riviera all on one amazing ship.

NIGHTLIFE

Think vodka on the rocks at one of only 14 true ice bars in the world. A casino with high-roller ambiance and friendly slots. An ultra hip nightclub with hot music and neon-lit bowling. A ritzy beach club under the stars with a DJ spinning the coolest tunes. Your clients can have a pint, a shot or drinks on the rocks, frozen or straight up in any one of 18 different bars and lounges. They'll find places with hot jazz, cool blues, comedy and even a cigar bar with peace and quiet and that perfect snifter of cognac.
